

W

OH
LITTLE
FARM
at
BECKINGTON

What a year it's been! Once again, we've had to take a few leaps of faith in challenging circumstances. But, as often is the way, there have been rewards and silver linings amidst the uncertainty, and we're proud to have created new concepts, diversified and moved forward as a business in many ways. We've opened an online butchery shop, and our fishmongers now buy direct from the boats in Brixham, supporting local fishermen through what's been a difficult year for British fisheries. And our hen family has grown! 500 new girls are now happily laying on the farm, gracing us with all the delicious fresh eggs we need.

You may also have noticed that over the summer we moved our gift shop and florist right next door to the farm shop. This has worked out really well, and of course means we now have a large unused space where the gift shop used to be! Exciting plans are afoot, so watch this space!

Throughout these testing times, lockdowns and rule-changes, we've felt overwhelmingly grateful for the hard work and determination of our staff, and the loyal support of our customers. You've been brilliant. All of you! We couldn't have done it without you, and we really can't thank you enough for your continued patience and support.

*Wishing you, your family & friends a wonderful Christmas and new year,
Steve, Heather & the White Row team*

Feeling Festive Down on the Farm...

1. Our Blooming Fabulous Florists.

Our floristry team really know their stuff, and are creating some simply incredible arrangements this year. From abundant colourful bouquets, to small but beautiful Christmas table 'jamjar' flowers, and gorgeous aromatic living wreaths, all available direct from the gift shop right up until Christmas Eve. Or buy online from www.whiterowflorist.co.uk. Last day for online Florist orders (including delivery by Christmas) is Wednesday 22nd December.

2. All Presents Great & Small Our new and improved gift shop is oozing Christmas right now. We've got something to suit every budget, from stocking fillers to special keepsakes. Amongst our favourites are some gorgeous contemporary decorations & ornaments from designer Gisela Graham (including eco-friendly options), and stylish smellies from The Somerset Toiletry Co. (You can literally smell Christmas in the air!) And don't forget the cards (last 2nd Class posting day is December 18th!) If you need to, you can call the gift shop on 01373 830024

3. Fine Pines One of the greatest pre-Christmas pleasures has got to be searching for your perfect tree! As usual, we'll have a veritable forest of the most wonderfully-scented spruces, firs & pines, in all shapes & sizes. Available from the end of November and priced from just £15. Come and find 'the one'!

4. Getting Christmas in Order! The farm shop shelves are stacked high with all you need for Christmas and beyond, much of it from local West Country producers. And did you know you can order many of your festive favourites in advance, for collection right up until Christmas Eve? Pick up your order forms for veg boxes, gift hampers, the deli & cheese counter, the fishmongers and the butchers in store, or download them from the website. (Do check last order dates carefully, as they differ between departments!)

5. Put all your Gifts in One Basket! Our gift-wrapped hampers are bursting to the brim with festive fayre from local and artisan producers, and make the perfect present for the favourite foodies in your life. We offer a variety of options to suit your both your budget and your recipient ~ and you can even 'shop your own' and leave it to us to present in one of our hand-wrapped baskets. Order forms can be downloaded from our website, or picked up in store - but please note this year's slightly earlier order deadline of Sunday December 5th!

6. Christmas on a Plate! Whilst we're not taking bookings for Christmas parties this year, we will be serving up delicious Christmas lunches (with all the trimmings!) from November 25th right the way through until Dec 23rd. Our talented chefs have created a truly home-made and home-grown Christmas feast. Meat-eaters will be in crackling heaven with our own home-reared pork ~ all hung, boned and prepped right here on the farm. Zero packaging, zero food miles, just 100% soft, succulent pork. And if you follow a veggie, vegan or gluten free diet, fear not, we've got you covered with some equally mouth-watering options. And of course, as well as our festive roasts, we'll be bringing you plenty of seasonal specials ~ so keep an eye on our daily-changing boards.

7. Christmas in a Cup! From hot chocolates made with Baileys, to gingerbread lattés, Terry's Chocolate Orange milkshakes, warming mulled cider, and more. Yum! Just what you deserve to reward yourself with for conquering all the Christmas shopping!
